WHO WE ARE

Over the years, we've built a reputation as one of the leading property developers in the country, famed for our premium quality builds, at unbeatable prices, in some of the most unique and sort after locations in Greece. Our team of industry experts is committed to ensuring that each property in our ever-growing portfolio meets the same high standards Horizon Properties is renowned for.

OUR MISSION

At Horizon Properties, our mission is to make people's property dreams a reality. How do we accomplish this? By designing modern, affordable properties, in breath-taking locations, that are built to the highest standards.

DESIGN HIGHLIGHT

Our project in Alimos is newly built, featuring a distinct and elegant design made from high-quality materials. The complex is located in a wonderful area between Kythirion Pani and Trachones, close to all the amenities you need.
