The Switch to TeamLinkt

Saskatoon Minor Football used to juggle multiple platforms just to run day-to-day operations, work that was cumbersome and often inefficient for Brian Guebert, Executive Director, and his team.

Moving onto TeamLinkt meant registration, team management, and the website all worked together instead of as separate pieces, with a lower cost than other options on the market and an onboarding process simple enough for new staff to pick up quickly.

"TeamLinkt genuinely impressed me with its comprehensive suite of tools that simplify everything from team management to communication. It's intuitive, reliable, and makes the whole process more manageable. Highly recommend!"
