

LOYOLA DANIEL DUKE

UI & MOTION DESIGNER 
Blending design and motion into seamless stories

WORK EXPERIENCE

Motion Designer

Brucira, Bangalore Dec 2025 - Present

- Creating optimized **Lottie** and **Rive animations** for product experiences, balancing visual clarity with **performance optimization**.
- Working closely with the **BigBasket** product design and engineering teams to implement **motion interactions** within the app.
- **Debugging** animation **performance issues** and ensuring smooth rendering across devices.

UI & Motion Designer

Lollypop Design Studio, Chennai Jul 2023 - Dec 2025

- Designed **UI projects enriched with motion**, ensuring usability and delightful interactions across apps and platforms.
- Built **animated widgets** for **ACT Fibernet**, using motion to create engaging, functional product experiences.
- Produced **UI explainer videos** for **Appro**, translating product features into clear, visual storytelling.
- Contributed to **Amazon's Quick Commerce POC** and **Ngenius POS POC**, designing **UI** and embedding **motion elements** for smoother user experience.
- **Animated brand mascots** for **Philip Morris** and **Greenscale**.

UI UX Design Intern

Full Creative, Chennai Mar 2022 - Jun 2022

- Designed web and mobile UI screens, focusing on usability and layouts **under senior designers' guidance**.

RECOGNITIONS

Another hat - 2024

Lollypop Design Studio

- Recognised for mastering After Effects & Rive and integrating them effectively into projects.
