DIFFERENTIATORS

Every service co-designed with you

We build each program around your institution's goals, from tutoring plans to full curriculum made for your learners.

Make STUDOR PATH your own

With PATH's tiers, from core management, to growth tracking, to PATH AI, each institution picks the tools it needs to run its programs.

Connected institutional visibility

Bridges internal department gaps by sharing real-time progress and tracking data across every team and role supporting the learner, keeping your entire institution aligned and moving forward together.

EXECUTIVE SUMMARY

STUDOR is an education partner with 20 years of experience delivering academic tutoring, workforce training, and community programs. Alongside these services, we provide PATH, our Progress Activities Tracking Hub, one place for STUDOR and our partners to run programs and turn activity into measurable growth.

CORE COMPETENCIES

- **Academic Services & Workforce Readiness**
Academic tutoring and career preparation.
- **Multi-Generational Community Support**
Programs supporting learners across all life stages.
- **Professional Development & Instructional Improvement**
Elevating instructional quality and staff performance.
- **Customized Intelligent Progress Architecture: STUDOR PATH**
Measuring program growth through the STUDOR PATH platform.

SERVICES

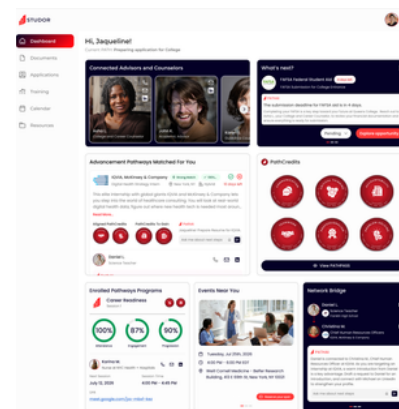

- Family & Community Support Services
- Professional Development (PD)
- Instructional Design & Curriculum
- Academic Preparation & Services
- Pathways Guidance & Development
- Adult Education & Digital Literacy

PRODUCT

STUDOR PATH

Compliant with NYS Ed Law §2-d, FERPA & COPPA

Our Progress Activities Tracking Hub gives learners, advisors, and staff one place to see progress as it happens, turning daily activity into real-time next steps, so each individual can act on what it takes to maximize advancement pathways.

ORGANIZATIONS SERVED

- **District 24**
Curriculum, Family and Community Support Services, and Professional Development
- **Grady High School**
Academic Planning & College Services
- **Wheels & International High School at Union Square**
Pathways Guidance and Development
- **DYCD**
Family and Community Support Services
- **Crotona International High School**
Pathways Guidance and Development

STUDOR SERVICES

Six services, each co-designed with your team to fit your learners, your staff, and your goals.

COMMUNITY BUILDING SERVICES

Family & Community Support Services

Culturally responsive workshops and multi-generational programming designed to empower parents, strengthen community networks, and align home support with success.

Professional Development (PD)

Specialized training and instructional coaching that helps institutional teams implement culturally responsive engagement and optimize staff workflows.

Instructional Design & Curriculum

Bespoke learning blueprints, workshop frameworks, and custom educational structures tailored to your organization's demographic and operational goals.

PATHWAYS BUILDING SERVICES

Academic Preparation & Services

Targeted subject-based support, milestone mapping, and instructional interventions designed to bridge learning gaps and build academic confidence.

Pathways Guidance & Development

Workforce readiness, career pipelines, and transition coaching designed to launch and sustain high schoolers, transition-age youth, and early career professionals.

Adult Education & Digital Literacy

Accessible technology training, essential workforce upskilling, and practical digital literacy courses built specifically for adult and non-traditional learners.

STUDOR PATH

Compliant with NYS Ed Law §2-d, FERPA & COPPA

Our Progress Activities Tracking Hub gives learners, advisors, and staff one place to see progress as it happens, turning daily activity into real-time next steps, so each individual can act on what it takes to maximize advancement pathways.

Choose your STUDOR PATH

PATH - Run and organize programs in one connected place.

PATHPass - Adds progress tracking that follows each participant across PATH.

PATH Advancement Insights - AI integration across the system that surfaces the next-best action for each participant.
