EXPERIENCE

Education First | Senior Product Designer

Aug 2021 - Jul 2024

- Collaborated with developers, product managers, and other designers across different time zones to create optimal user experience designs for future online learning platforms.
- Participated in user research, including user recruitment, competitive analysis, usability testing, focus groups, and one-on-one interviews.

Mobile Now Group | UX Designer

Apr 2018 - Jun 2021

- Worked for a fast-paced design agency.
- Created personas, wireframes, high-fidelity mockups, and functional prototypes.
- Spearheaded all design elements and templates, ensuring brand consistency.
- Successfully worked with cross-functional teams to turn client requirements into finished apps.

Asus | UX Designer

July 2016–Dec 2017

- Built beta user groups and created an evaluation model for the iteration of the Asus mobile phone system (Android).
- Optimized design schemes based on usability tests and collected user feedback.
- Tasked with designing wireframes and prototyping for the Asus mobile phone system (Android).
