Founders

CHRIS GERMANO
Co Founder

Chris Germano is a seasoned blockchain expert and co founder of NFsTay. With over a decade of experience in the property industry, Chris has been at the forefront of pioneering innovative solutions that utilize blockchain technology to revolutionize property management. As a co founder of NFsTay, Chris has played a pivotal role in establishing the first UK based real estate platform that leverages NFTs, democratizing access to property management solutions. His expertise lies in managing and renting out properties across the UK and beyond, consistently delivering excellence for and lords and tenants alike.

HUGO SOUZA
Co Founder

Hugo Souza, also a co founder of NFsTay, contributes significantly to the growth of the company's property portfolio. With his extensive experience in property management, Hugo plays a key role in expanding and diversifying NFsTay's portfolio. His strategic insights and hands on approach ensure that the company acquires and manages properties effectively, driving growth and maximizing returns for landlords and investors.

Testimonial

Discover what our clients have to say about their experiences with us. Read testimonials showcasing our commitment to exceptional service and satisfaction.

"I discovered NFsTay in March 2022 and was intrigued by its smart contract based business model. Though I'm an 'old school' investor, I saw how it made real estate investing more accessible, offering returns beyond traditional means. The app is user friendly, and the team is always ready to assist. I highly recommend NFsTay."

– Kim Tranholm

"My unique investment experience in NFsTay has been a combination of simplicity and technological convenience alongside consistent profitability. Chris and Hugo are hardworking and ambitious, giving me more than a few reasons to rely on them. I highly recommend it!"

– Guy Goldin
