Powered by Gotvroom Inc.

Gotpack is a global foodservice packaging supplier committed to delivering innovation, sustainability, and scale across the global supply chain. With a manufacturing network spanning more than 10 countries and U.S. inventory available for key products, we help distributors compete, grow, and pursue more opportunities through flexible sourcing, dependable supply, competitive pricing, and responsive support.

Our portfolio includes plates, trays, bowls, clamshells, deli and takeout containers, cup carriers, and egg packaging. We also provide custom tooling and private-label branding to meet the diverse needs of distributors, foodservice operators, retailers, and other businesses.

Our products are developed to meet rigorous quality and performance standards. All Gotpack molded-fiber products are PFAS-free and fully compostable. We continue to explore new materials and product categories to meet the evolving needs of our customers.
