The Switch to TeamLinkt

Fraser Valley Volleyball Club needed every team running on one platform, not just for organization, but to meet real commitments like SafeSport across the club.

Two things set TeamLinkt apart for Executive Director Carol Hofer: it's more affordable, and it's Canadian, a detail that mattered to the club specifically. TeamLinkt's continued investment in the product is why the club has stayed on the platform for multiple seasons instead of shopping around every year.

"After using TeamLinkt for our sports club, I can confidently say it's incredibly reliable and intuitive. The single-platform communication has been a game changer for us, meeting SafeSport commitments seamlessly."

Carol Hofer
Executive Director, Fraser Valley Volleyball Club

The Results

Most sports clubs cycle through software every season or two, chasing something better. Fraser Valley Volleyball Club hasn't had to. Multiple seasons in, TeamLinkt is still the platform running every team. That kind of consistency doesn't happen by accident.

- ✓ Payments and registration run through one system, not pieced together by hand.
- ✓ Time, money, and stress that used to go toward logistics now go somewhere else entirely.
- ✓ SafeSport commitments met without extra manual oversight, season after season.

- ✓ Stronger Communication Across the Club
- ✓ One Platform for Every Team
- ✓ A Platform Built to Keep Earning Trust
- ✓ Built to Scale With the Club
