PROFESSIONAL SUMMARY

UI/UX Designer with a background in Computer Science and hands-on experience designing web and mobile interfaces using Figma and Framer. Passionate about creating intuitive, user-centered digital experiences through wireframing, prototyping, interaction design, and visual design. Built multiple self-initiated projects and continuously improves through feedback, iteration, and hands-on design practice. Seeking an entry-level UI/UX or Product Design opportunity.

SKILLS

Design Tools: Figma, Framer

Design Skills: Wireframing, Prototyping, Interaction Design, User-Centered Design (UCD), Usability Testing, Information Architecture, Responsive Design, Visual Hierarchy, High-Fidelity Mockups, User Flows, Accessibility Basics, Design Systems

Frontend Technologies: HTML5, CSS3, JavaScript, Tailwind CSS

Soft Skills: Attention to Detail, Team Collaboration, Communication, Time Management

EXPERIENCE

Intern

Duration – 6 weeks

UTKRISHT Summer Training Program, USICT – New Delhi

- Designed and developed a responsive e-commerce website for a fictional shoe brand (Stylish Steps) using HTML, CSS, JavaScript, jQuery, and Bootstrap.
- Built intuitive navigation structures and interactive UI elements to improve user engagement and satisfaction.
- Created responsive layouts ensuring consistent cross-device experience across mobile, tablet, and desktop.
- Collaborated with a 3-member team to deliver the project within a 6-week timeline

PROJECTS

FitBuddy – Fitness App

- Designed a comprehensive fitness tracking app in Figma, covering user flows, wireframes, and high-fidelity mockups focused on simplicity and usability.
- Applied user-centered design principles to create an intuitive workout and health goal tracking experience.

Interior Design Website Template

- Designed and developed a premium website template for interior designers and creative studios using Framer
- Built responsive layouts, CMS collections, and reusable components.

Photographer Portfolio

- Designed and developed a minimal portfolio landing page in Framer focused on visual storytelling.
- Practiced and refined consistency, typography, and visual hierarchy principles across diverse design scenarios.
- Published all designs publicly on Twitter/X to gather feedback and iterate on work.

EDUCATION

Bachelor of Technology, Computer Science

2020 – 2024

USICT, New Delhi | CGPA: 7.9

LANGUAGES

English (Professional), Hindi (Native)
