For violations of certain key requirements, certain Payment Schemes such as Card Schemes can levy significant fines.

- b. Customer shall at all times conduct its business in line with Applicable Law in all regions targeted by Customer, including but not limited to seeking necessary approvals, permits, consents, licences, authorisations, permissions, certificates and statutory agreements required from any competent authority and all consents, approvals and agreements from and with third parties necessary for the conduct of the Customer's business, including in respect of compliance with PCI DSS. If Customer's authorisation for conducting the business is withdrawn by an appropriate competent authority Customer shall notify XPATE as soon as reasonably practicable.
- c. Customer must not engage in activity that XPATE or the Payment Schemes reasonably believe to be illegal, disreputable or may damage the reputation or brand of XPATE, Payment Schemes or any other financial institution.
- d. Where we become aware of and/or receive any notice of a potential exposure to a fine related to the Customer's behaviour, the Customer will, on first request, provide all reasonable co-operation to help investigate the relevant circumstances and remedy the relevant violation, notwithstanding all other rights and remedies we might have in such situation as per this Agreement. Where possible we will share with the Customer the relevant feedback regarding the potential fine by the Payment Scheme.
- e. If fines are applied for the Customer violations, these may be invoiced by the Payment Scheme to us as their contracting party. The Customer shall fully indemnify and hold us harmless from any fines applied by the Payment Scheme as a result of the Customer's breach of the terms of the Agreement and/or the Payment Scheme Rules.

4.7 Obligation to implement Risk Management Controls and Records Retention

- a. Customer agrees to have implemented sufficient risk management controls (including but not limited to the restrictions to certain geographies required by XPATE to manage fraud or credit risk exposure). The Customer also agreed to maintain the proper facilities, equipment, inventory and records.
- b. In addition to complying with all records retention provisions under the Applicable Law, and subject to the requirements of PCI DSS, the Customer must maintain a copy of all electronic and other records related to the Transaction ordering and delivery of the Customer Products/Services in the strictest confidence and in a secure environment for a period of eighteen (18) months after termination of this Agreement.
- c. The Customer must, among others, ensure that any such details stored electronically are fully protected, correct, complete, not lost or damaged and can be reconstituted, in a complete and easily readable form. The copy of the records shall include, but not be limited to shipping details (if relevant), invoices for the delivered Customer Products/Services and all contacts with the Buyer. In case of any investigation by us or the Payment Scheme with respect to Chargebacks, suspected fraud or other requests for information, you must fully co-operate in the auditing of such records.

4.8 Obligations related to the security of Buyer's payment instrument

- a. The Customer guarantees not to copy, capture, intercept, sell, exchange or in any manner disclose Buyer's payment instrument related information such as Card number and Sensitive Authentication Data that are entered on the XPATE Gateway. Strict rules on the security of payment instruments are imposed by the Payment Schemes (and specifically Card Schemes) and PCI SSC to protect Buyers against misuse of their payment instruments, and are strictly enforced by the Card Schemes. A violation of these rules can lead to the application of fines by the Card Schemes. If we have any reasons to believe that the Customer is copying, capturing or intercepting the above-mentioned information, in violation of the Payment Scheme Rules and PCI SSC's rules, recommendations and standards (including specifically PCI DSS), we reserve the right to inspect the Customer's locations and to suspend processing of Transactions and/or refunds and to suspend Payouts. Customer will take all reasonable precautions to ensure that any of the information mentioned in this paragraph is not disclosed to any person other than XPATE or misused by any person, unless otherwise required by any Applicable Law or by the Card Scheme Rules. The Customer shall fully indemnify and hold each one of us and our affiliates harmless from any losses, claims (including applied fines by the Payment

Scheme or claims by the Processor), costs or damages incurred as a result of the Customer's breach of this obligation.

- b. The Customer shall immediately notify us if any Cardholder data, Sensitive Authentication Data or similar Buyer's Payment Instrument related information is breached or compromised. The Customer must strictly comply, with respect to the security of the Buyer's payment instrument, with the terms of this Agreement, and with all the requirements of the Applicable Law, of the Payment Schemes (e.g. MasterCard's Site Data Protection Program), as well as with the guidance, requirements and standards of PCI SCC such as PCI DSS.

4.9 Obligation to notify of errors, misappropriation and/or unauthorised use of XPATE Gateway

- a. The Customer must notify us in writing immediately if the Customer believes there has been or will be an error, or misappropriation or unauthorised use of XPATE Gateway. The Customer must give us all the information in the Customer's possession as to the circumstances of any errors and/or misappropriation or unauthorised use of XPATE Gateway and take all reasonable steps to assist us in any investigation we may conduct.
- b. We might provide third parties with the information we consider relevant in such circumstances. In order to prevent misappropriation or unauthorised use of XPATE Gateway, the Customer must keep safe any and all password(s) that are necessary to access or use XPATE Gateway and/or any confidential instruction provided by us for the integration of the Service.
- c. The Customer shall also inform us promptly and no later than within thirteen (13) months after the Customer becomes aware of any unauthorised or incorrectly executed Transaction and/or refund. Where legally required, XPATE shall refund the Customer immediately for such unauthorised or incorrectly executed refunds.
- d. The Customer shall inform us promptly, and no later than sixty (60) days after the Customer becomes aware of any non-execution or defective execution of the refund, and we will make immediate efforts to trace the refund and notify the Customer of the outcome. Where we are liable for non-execution or defective execution, and where legally required, we will immediately refund the amount of the non-executed or defective refund.

4.10 Obligations relating to Audit

- a. If we believe that a security breach or compromise of any Buyer's data has occurred, we may require the Customer to have a third party auditor that is approved by us to conduct a security audit of the Customer's systems and facilities and issue a report to be provided to us and/or the Payment Schemes, and the Customer shall be required to remedy any defects identified within a reasonable period or a timeframe given by the Payment Schemes. Save for when an audit (i) is required by regulatory or Card Scheme requirements, (ii) is triggered by a material breach by the Customer, or (iii) determines non-compliance by the Customer with this Agreement, XPATE shall reimburse the Customer for the Customer's reasonable costs of providing information, access and assistance with respect to such audit.
- b. In addition to the above, the Customer agrees to allow us or a Payment Scheme, either directly or through an agent, subject to a thirty (30) days written notice from us, to inspect the Customer's locations to confirm that the Customer is in compliance with the terms of this Agreement, the Payment Scheme Rules and Applicable Law, and is maintaining the proper facilities, equipment, inventory, records, licences and permits where necessary to conduct the Customer's business. Our or the Payment Scheme's representatives may, during normal working hours, inspect, audit and make copies of the Customer's books, accounts, records, and files pertaining to any Transaction processed under this Agreement.

4.11 Obligations relating to complaints from Buyers

- a. Customer shall respond promptly to inquiries from Buyers and shall resolve any disputes amicably. If unresolved disputes occur with a frequency unacceptable to XPATE, XPATE may terminate the Agreement in accordance with section 8.3. XPATE reserves the right to charge Customer reasonable fees and reimbursement on account of excessive Buyer inquiries, refunds or Chargebacks.

- b. Any complaints made by Buyers to Customer about the merchandise or services provided by Customer shall be settled by Customer and the Buyer. XPATE is not liable for any claims arising from such complaints or the business relationship between Customer and the Buyer and XPATE shall not undertake any intercession under the circumstances that such claims arise. Customer shall treat any complaints from Buyers in the same way as complaints from any other customers.

4.12 Rights and obligations relating to returns, refunds and cancellations to or by the Buyer

- a. As per section 4.3.c of this Agreement, the Customer must clearly and accurately disclose to the Buyer the Customer's refund, return and cancellation policy. The Customer's refund, return and cancellation policy must comply with, and must be presented in accordance with, Applicable Law and Payment Scheme Rules.
- b. If, in the usual course of Customer's business, Customer provides refunds to Customer's customers, other than Buyers, Customer must also provide refunds to Buyers on the same terms Customer provides refunds to Customer's other customers.
- c. If the amount of credit or refund Transactions exceeds the amount of sales Transactions, Customer shall pay XPATE the excess.
- d. If no refund will be given, Buyers must be advised in writing at the time of the Transaction that the sale is a "final sale" and "no returns" are permitted. Buyers must also be advised in writing of any policy of Customer that provides for no-cash refunds.
- e. Customer agrees that:
 - i. Customer will not refund by cash or cheque or any other method for goods and/or services paid for by a Payment Method, other than when required by the Applicable Law;
 - ii. Customer will not refund by a Payment Method for goods and/or services paid for by cash or cheque or any other method;
 - iii. Customer will only refund Transactions in full or in part to the Payment Method which was originally used to make such Transactions; and
 - iv. Customer will not accept money from a Cardholder or third party in connection with processing a refund to the Cardholder's account.
- f. We reserve the right to refuse to process or execute a refund if it is prohibited by Applicable Law or does not meet the conditions of this Agreement (subject to any mandatory rules under Applicable Law), or if there is no sufficient balance in the Customer's XPATE Account until the Customer adds sufficient funds. We also reserve the right to suspend the Customer's 'refund functionality' provided by us if the Customer is placed under fraud investigation, is deemed by us to be generating an excessive amount of Chargebacks, and/or for any other risk-related reasons in our sole discretion.
- g. We will notify you of such refusal or suspension, subject to any restrictions by the Applicable Law, indicating the reasons for such refusal or suspension and the procedure for correcting factual mistakes that led to it where possible. Any payment order that we refuse will be deemed not to have been received for the purposes of liability for non-execution or defective execution.

5. Chargebacks and assessments

- 5.1. The Customer agrees to be held responsible and liable for: (i) any and all Chargebacks; and (ii) any assessment, fines, fees, charges or expenses of any nature which a Payment Scheme and in particular Card Schemes, Issuers, levy on us at any time directly or indirectly in relation to any aspect of our relationship with the Customer (all together defined herein as "**Assessment**"). Each Chargeback and Assessment represents a debt immediately due and payable to us.

- 5.2. Any Chargebacks for which the Customer is required to reimburse us shall correspond to the whole or part of the processing value of the original Transaction.
- 5.3. Where a Chargeback or an Assessment occurs, we shall immediately be entitled to debit the Customer's XPATE Account, the Reserve, Additional Collateral, and/or make a deduction from any Settlement, and/or invoice the Customer to recover: (i) the full amount of the relevant Chargeback or Assessment; and (ii) any other costs, expenses, including without limitation legal fees and other legal expenses, liabilities or fines which XPATE may incur as a result of or in connection with such Chargeback or Assessment ("**Chargeback and Assessment Costs**").
- 5.4. Where the full amount of any Chargeback, Assessment and/or any 'Chargeback and Assessment Costs' is not debited by XPATE from the Customer's XPATE Account, the Reserve, Additional Collateral and/or deducted from any Settlement and/or invoiced, then we shall be entitled to otherwise recover from the Customer by any means the full amount of such Chargeback, Assessment or 'Chargeback and Assessment Cost'.
- 5.5. As Chargebacks and Assessments may arise a considerable period after the date of the relevant Transaction, Customer acknowledges and agrees that, notwithstanding any termination of the Agreement for any reason, XPATE remains entitled to recover Chargebacks, Assessments and 'Chargeback and Assessment Cost' from the Customer in respect of all Chargebacks, Assessments and 'Chargeback and Assessment Costs' that occur in relation to Transactions effected during the term of the Agreement.
- 5.6. XPATE is not obliged to:
 - a. assist Customer in procuring payment of any sums that may be properly due to Customer from the Buyer if the Transaction has been the subject of a Chargeback for any reason.
 - b. investigate the validity of any Chargeback or Assessment by any Issuer, Payment Scheme, whose decision or determination shall be final and binding in respect of any Chargeback or Assessment.
- 5.7. In the event that Customer wishes to dispute a Chargeback, it remains Customer's responsibility to prove to the satisfaction of XPATE, the Card Scheme, Card Issuer or other financial institution that the debit of the Cardholder's Card or account was authorised by the Card and/or account holder. Customer must provide XPATE, the Card Scheme, Card Issuer or other financial institution any such evidence required to support the claim within seven (7) days of being made aware of the Chargeback .
- 5.8. The Customer undertakes to use all reasonable efforts to maintain Chargeback and fraud rates at a level acceptable to XPATE and the Card Schemes. If the ratio of Chargebacks to Transactions or fraud to sales exceeds 1% for a period of longer than three calendar months, XPATE may terminate the Agreement in accordance with section 8.3.

6. Fees and Payouts

6.1. Customer Service Fees

- a. Customer shall pay to XPATE all applicable fees specified in this Agreement, the Order Form or as notified to the Customer in accordance with the notification procedure set out in section 13.2 of this Agreement in which case your use of the Acquiring Services after such notification shall constitute acceptance of our fees.
- b. If after carrying out investigations on the Customer, XPATE reasonably believes that the Customer is engaging or has engaged in fraudulent or illegal activity, XPATE may, at its sole discretion, charge the Customer an investigation fee which shall amount between 10% to 100% of the total balance held in the Customer's XPATE Account. The investigation fee percentage will depend on, among other things, the volume of transactions processed by the Customer or the ratio of error Transactions, Chargebacks, fraudulent Transactions, refunds and/or declined Authorisation.
- c. All the fees referred to in this section 6.1 are together and collectively referred to in this Agreement as the "**Customer Service Fees**" or "**CS Fees**".

6.2. Deductions

The Customer shall be liable for all deductions applicable under this Agreement ("**Deductions**"). Deductions include: (i) Chargebacks, (ii) Assessments, (iii) Refunds, (iv) Non-Settled Pre-Funds, (v) amounts for the Reserve in accordance with section 6.5, and, (vi) amounts for the Additional Collateral in accordance with section 6.6.

6.3. Collection of CS Fees and related Statements

- a. We have the right to collect the CS Fees or Deductions, at our option, by:
 - i. debiting such amounts from any Settlement or the received funds held by us, without notice or demand, before Payouts;
 - ii. debiting such amount from the Reserve and/or Additional Collateral without notice or demand;
 - iii. deducting such amounts from the Customer XPATE Account, if available;
 - iv. debiting such amounts from the Customer's designated bank account by direct debit per paragraph 6.3 b. below;
 - v. deducting from any fees that are due by XPATE to the Customer;
 - vi. invoicing the amount of the CS Fees or Deductions to the Customer; or
 - vii. taking any lawful collection measures, in court or otherwise to collect such sums.
- b. The Customer is required to maintain an account with another financial institution (the "**Customer Bank Account**") and a direct debit instruction (or equivalent) to authorise XPATE to directly debit from the Customer's designated bank account any sums due to us and payable by the Customer under or in connection to this Agreement. The Customer will ensure that the Customer's designated bank account and the Customer XPATE Account shall at all times have a credit balance sufficient to meet any sums due and payable to us under or in connection with this Agreement. Customer shall notify XPATE in writing and in advance, within a reasonable time period, of any changes proposed by Customer to the Customer Bank Account and shall not implement changes without XPATE prior written consent.
- c. Where the CS Fees or Deductions are collected by invoicing the amount to the Customer, the Customer must pay sums due under any invoice under this Agreement within fourteen (14) days of the date of the receipt of such invoice. CS Fees and Deductions may be invoiced by xpate to the customer at the beginning of each calendar month ("**Billing Date**") unless changed by xpate by providing written notice. If a fee becomes due in the middle of a calendar month, xpate will bill said fee or its applicable proportion on the next Billing Date.
- d. Interest shall accrue on any unpaid invoice owed by the Customer to us at the rate of five (5) % per annum above the Bank of England's Base Rate. Such interest shall accrue on a daily basis from the due date until actual payment of the overdue amount, whether before or after judgement. The Customer shall pay the interest together with the overdue amount.
- e. We shall provide the Customer with access to electronic statements and/or invoices as applicable. Printed statements can be requested by contacting us (additional reasonable costs may be charged by us).

6.4. Changes to CS Fees

- a. We shall have the right to change the CS Fees at any time upon two (2) months' notice to the Customer. The Customer may, however, during the two (2) months' notice period, terminate the Agreement with us by providing a written notice.
- b. Customer acknowledges that its fees and charges, as set out in the Agreement and Pricing Page, may be based on its representations, including but limited to its volume of Transactions, method of processing, type of business, average Transaction value, refund rates, location and XPATE's risk assessment.
- c. If the actual volumes differ materially from the figures provided by the Customer, we have the right to proportionally adjust our fees, based on the actual then-current volume characteristics upon two (2) months' notice to you. The Customer may, however, during the two (2) months' notice period, terminate the Agreement with us by providing a written notice.

6.5. Reserve

- a. The Customer agrees that XPATE is entitled (at our sole discretion) to withhold an amount of funds (“**Reserve**”) in relation to the Customer for the purpose of protecting XPATE against the risk of providing the Services to the Customer. The Reserve provides a source of funds to cover XPATE for any and all, actual and reasonably anticipated amounts and liabilities owed by Customer to XPATE, including to cover for unpaid CS Fees, Deductions such as Chargebacks, Assessments, and refunds, or any other payment obligations under this Agreement.
- b. The Reserve may, at the reasonable discretion of XPATE, be funded by: (i) requiring Customer to provide to XPATE an amount determined by XPATE within seven (7) Business Days of written notice from XPATE to Customer; and/or (ii) withholding a percentage of the daily gross sales volume processed by us; and/or (iii) debiting the Customer XPATE Account; and/or (iv) exercising any other right we have to recover funds from the Customer under this Agreement.
- c. XPATE will determine the Reserve, and the period of time it is held for, based on our assessment of the risk the Customer pose. The percentage amount may be anywhere between 0% and 100%, and the period of time is also at our discretion.
- d. XPATE, at our sole discretion, may change the terms of the Reserve immediately upon a written notification to the Customer. We may do so, for example, if:
 - i. The Customer or its customers' activities increase the risk of loss to us or to the Buyers;
 - ii. We have a reasonable belief that the Customer has violated these Agreement or the Additional Documents;
 - iii. We think the number of disputes or refunds the Customer has is high;
 - iv. we think that the period of time between a Transaction and delivery of the Customer's services to its Buyers is significant;
 - v. we have any other reasonable basis for doing so.
- e. The Customer agrees that the Customer is not entitled to any interest on the Reserve, that the Customer has no right to direct that Reserve, and that the Customer cannot and will not assign or grant any security interest in those funds, or allow any encumbrance upon the funds. All our rights with respect to the Reserve shall survive the termination of this Agreement.

6.6. Additional Collateral

- a. In addition to the Reserve, we may, at our sole discretion, request the Customer to provide funds to XPATE as non-interest bearing 'Additional Collateral' as a security to guarantee payment of any and all debt or liability from the Customer to XPATE and/or the Payment Schemes such as, without limitation, unpaid CS Fees, Deductions such as Chargebacks, Assessments, and Refunds, or other potential debt or liability, including those arising out of or in connection with any Payout.
- b. The Customer agrees to fund the Additional Collateral for the amount specified on the Order Form (if applicable) or at XPATE's request, and said funds shall be maintained in a separate account designated by XPATE. The Additional Collateral shall constitute a full title transfer collateral arrangement in accordance with applicable laws. The Customer waives any right or claim to the Additional Collateral until XPATE's obligations are fully satisfied.
- c. XPATE may, at its sole discretion, at any time and without prior notice, draw and receive amounts from the Additional Collateral as required to cover any amounts owed to XPATE or the Payment Schemes, which cannot be deducted from the Customer's Payouts because of lack of funds or otherwise. XPATE may subsequently replenish the Additional Collateral from Payouts and funds due to the Customer under this Agreement or require that the Customer make a payment to XPATE for the amount required to replenish the Additional Collateral.

- d. Unless otherwise advised by XPATE, the Additional Collateral will be held and maintained for a minimum of six (6) months from the termination of this Agreement. If, after such six (6) six-month period, there is still a risk of more Deductions such as Chargebacks, Assessments, and Refunds, or other potential debt or liability, then XPATE will have the right to withhold the funds until such risk is eliminated. Upon expiration of this six (6) month period (or longer, as the case may be), any remaining amount of Additional Collateral will be transferred to the Customer. XPATE will inform the Customer of any charges debited to the Additional Collateral during this period. All of XPATE rights with respect to the Additional Collateral shall survive the termination of the Agreement.
- e. XPATE may change the Additional Collateral upon notice and at our sole discretion depending on refund ratios, fraud ratios, Chargeback ratios and other risk considerations.
- f. The Customer expressly acknowledges and agrees:
 - i. that the Additional Collateral is separate to and does not form part of the funds subject to our safeguarding obligations;
 - ii. to any charge or debit made by XPATE against the Additional Collateral;
 - iii. that the Customer is not entitled to any interest on the Additional Collateral;
 - iv. that the Customer has no right to direct the Additional Collateral; and
 - v. that the Customer cannot and will not assign or grant any security interest in the Additional Collateral or allow any encumbrance upon those funds.

6.7. Set-off

- a. The Customer hereby authorises XPATE to, without notice to Customer, set off by whatever means the whole or any part of the Customer's liabilities (present, future, actual or contingent or potential, liquidated or unliquidated) to XPATE under this Agreement or to XPATE 's affiliates under some other agreement between Customer and any XPATE entity, against any or all amounts due and payable by XPATE to Customer, including funds in the Reserve or to any property of Customer in the possession or control of XPATE. Any exercise of our right under this provision is without prejudice and in addition to any other right or equitable remedy available to XPATE in accordance with this Agreement or by law. In the event such set-off does not fully reimburse XPATE for the amount owed, the Customer shall immediately pay XPATE such amount. The Customer shall hold harmless any financial institution that follows our request pursuant to this section.
- b. Customer may not set-off any of XPATE's liabilities under this or any other agreement against any amounts due to XPATE from Customer.

6.8. Taxes

- a. Unless stated otherwise, all of XPATE'S fees, charges and other payments to be made are exclusive of VAT, and any other applicable taxes or levies under any Applicable Law ("**Taxes**"), for which the Customer will be separately liable. If XPATE is required to pay any Taxes, interests, fines or penalties owed by Customer, the said amount shall become immediately due and payable by Customer to XPATE.
- b. It is the Customer's responsibility to determine what, if any, Taxes apply to the sale of the Customer's products and services and/or the payments the Customer receives in connection with the Customer's use of the Service. It is solely the Customer responsibility to assess, collect, report, or remit the correct tax to the relevant tax authority. XPATE is not obligated to, nor will we, determine whether Taxes apply, and will not calculate, collect or remit any Taxes to any tax authority arising from any Transaction, and this remains strictly the Customer's liability.

7. Software, API and Intellectual Property

- 7.1. XPATE provides the Software (and, where applicable, any other relevant software) that enables the Customer to use the Services. Subject to section 7.4 below, XPATE reserves the right to change or amend these and the interface at any time, to provide the Customer with a new version, and/or to change the functionalities and characteristics, and to require the Customer to install or update any and all software in order to continue using the Services.
- 7.2. The property rights in the API, the Software, the Marks and any and all other materials, and all other Intellectual Property rights related to the Acquiring Services are owned by us and our licensors (“**Proprietary Information**”). The Agreement does not transfer any Intellectual Property rights with respect thereto and only provides the Customer with a limited, non-exclusive and non-transferable licence (without the right to sub-licence) to use the Software, the Proprietary Information and all other materials made available by XPATE solely for the purpose of using the Acquiring Services in accordance with this Agreement and the applicable usage instructions communicated to the Customer. The Customer shall not prepare any derivative work based on XPATE's intellectual property, nor shall the Customer translate, reverse engineer, decompile or disassemble XPATE's intellectual property. Any use of XPATE's Intellectual Property or Proprietary Information not specifically permitted under this Agreement is strictly prohibited. The licences and authorizations granted by XPATE or its licensors in this Agreement terminate upon termination of this Agreement or if the Customer does not comply with this Agreement or any other service terms.
- 7.3. Customer agrees: a. not to use XPATE's Intellectual Property Rights, the Proprietary Information or Acquiring Services in any way which would or is likely to bring XPATE's reputation, the reputation of any of XPATE's affiliates, or Payment Schemes into disrepute; b. not to cause or permit anything which may damage or endanger XPATE's (or any of XPATE's licensors') Intellectual Property Rights, the Proprietary Information or XPATE's title to them or assist or allow others to do so; c. to notify XPATE promptly of any actual, threatened or suspected infringement of XPATE's Intellectual Property Rights and/or the Proprietary Information; d. to notify XPATE without delay of any claim by any third party that the Acquiring Services infringe any Intellectual Property Rights of any third party; e. to take such reasonable action as XPATE may direct in relation to such infringement; f. to indemnify XPATE against all losses (including in respect of third party claims) which XPATE incurs arising from, relating to or in connection with any liability incurred by XPATE to third parties for any Customer use of XPATE Intellectual Property Rights or the Proprietary Information otherwise than in accordance with the Agreement.
- 7.4. Changes will be implemented by XPATE which may materially reduce the functionality of the Acquiring Services including where necessary due to: (i) the need to follow generally accepted changes in the payment industry standards, (ii) changes in the Applicable Law, Payment Scheme Rules, (iii) the need for increased security due to security risks identified by us, or (iv) other reasonable grounds which warrant the reduction of functionality. If the Customer is significantly impacted by a material reduction of functionality due to a change in our Software and, where applicable, any other relevant software, the Customer may terminate the Agreement by giving written notice to us within thirty (30) days after we announced the change. We endeavour to provide advance notice of changes to the API and applicable software. Shorter notice periods may have to be made to comply with the Applicable Law, changes in requirements from the Payment Scheme, the need for increased security due to security risks identified by us, or in case of any updates to software.

8. Term and termination

- 8.1. This Agreement is effective upon the date the Customer accepts these terms and conditions, by electronic means or otherwise. Except where explicitly agreed otherwise in the Agreement, the Agreement is entered into for an indefinite period until it is terminated: (i) by XPATE by giving two (2) months' prior written notice to the Customer; or (ii) by the Customer by giving one (1) month's prior written notice to XPATE.
- 8.2. All existing obligations, warranties, indemnities and agreements with respect to Transactions entered into before such termination shall remain in full force and effect, and Customer shall remain liable for all obligations to Buyers and XPATE incurred while the Agreement was in effect.

8.3. XPATE has the right to terminate the Agreement and/or to suspend the provision of any Services to the Customer immediately upon written notice in part, or in whole, if:

- a. The ratio of error Transactions, Chargebacks, fraudulent Transactions, refunds and/or declined Authorisation requests is excessive in the opinion of XPATE;
 - b. Customer commits a material breach of the Agreement and (if, upon XPATE's sole discretion, such a breach is remediable) it fails to remedy that breach within 10 Business Days of being notified in writing by XPATE of the breach;
 - c. Any representation or warranty made by Customer in accordance to this Agreement is not true and correct in any material respect at any time;
 - d. Customer fails to provide required information and documents to XPATE within a reasonable time following a reasonable request from Payment Schemes and/or XPATE;
 - e. XPATE has reasons to believe that the Customer is conducting any illegal, brand damaging, deceptive activities or is violating Payment Schemes rules and Applicable Law;
 - f. Customer files a petition under any bankruptcy or insolvency law, or any corporate action, legal proceedings or other procedure or formal step is taken (in any jurisdiction) in relation to the suspension of payments, a moratorium of any indebtedness, winding-up, dissolution, administration or reorganisation (by way of voluntary arrangement, scheme of arrangement or otherwise) of Customer, or if Customer is a partnership and the partnership ends, or if Customer is an individual and Customer dies or ceases to be legally capable (in which case notice will be sent to Customer's personal representatives).
 - g. The Customer materially varies its business from the business described in the Customer Information and/or subsequent agreed changes by XPATE or there is any material adverse change in the nature, level, scope or control of Customer's business activities or Customer's financial condition;
 - h. Any governmental, regulatory, or judicial authority, banking or related partner requests or directs XPATE to suspend or terminate the Agreement with the Customer;
 - i. Customer has not sent XPATE a Transaction for processing in two (2) consecutive months;
 - j. Customer fails to show (to XPATE's reasonable satisfaction) its compliance with the PCI DSS and any changes which may occur to those standards;
 - k. the Customer undertakes or has undertaken activities (such as scams or other fraudulent activities) which in xpate's reasonable opinion are detrimental to the brand, image or reputation of xpate or a Payment Scheme
 - l. the Customer uses, or permits the use of, any of the Services or xpate systems for any purpose contrary to Applicable Law;
 - m. the continued operation of this Agreement would breach any Applicable Law; or,
 - n. a financial regulator, regulatory or government agency, or law enforcement agency posts a warning with regard to the Customer.
- 8.4. In the event of the termination of the Agreement, Customer shall cease charging any Payment Instrument and shall remove physical or electronic information indicating association with the Payment Scheme or Payment Instrument without delay. The Customer also undertakes to return all electronic information received from XPATE. If this has not been returned within one (1) month XPATE has the right to levy reasonable periodical fines until its return.
- 8.5. Upon termination of the Agreement in accordance with section 8.3, XPATE reserves the right to report the Customer to the Payment Schemes.

9. Changes to the Agreement

- 9.1. XPATE may change the Agreement from time to time by giving the Customer two (2) months' written notice via email, post, or by posting such changes on our Website. If the Customer does not notify us of any objections to the changes within two (2) months after receiving written notice of the change, the Customer will be deemed to have accepted the changed Agreement.
- 9.2. If the Customer notifies us of any objection to the changes within a period of two (2) months of our written notice of the change, and we still do not withdraw the changes, the Customer may terminate the Agreement immediately by giving us a written notice after the entry into force of the changes.
- 9.3. However, if the Customer does not object to the changes by terminating this Agreement no later than five (5) Business Days after the entry into force of the change, the Customer will be deemed to have accepted it. The use of the Acquiring Services after we provide any such notice, constitutes the Customer's acceptance of the terms of the modified Agreement.
- 9.4. The Customer is not entitled to object to and shall not have the rights set out in this section for any change, which we implement in order to comply with Applicable Law or requirements by the relevant Payment Schemes. For such imposed changes shorter notice periods may be imposed.
- 9.5. Notwithstanding anything in this Agreement, changes to this Agreement which do not require two (2) months notification are those which are: (i) more favourable to the Customer; (ii) required by law; (iii) related to the addition of a new service, extra functionality to the existing Service; or (iv) changes which neither reduce the Customer's rights nor increase the Customer's responsibilities, will come into effect immediately if they are stated in the change notice.

10. Data Protection

- 10.1.
