Perci Health

Your risk assessment, step by step

A short online questionnaire from Perci Health, included in your benefits. It looks at your family history, lifestyle and screening history, and gives you a personal risk profile with tailored next steps.

How to do it

1. **Open your link**
   From your HR team's email or the QR code on the poster.
2. **Create your Perci account**
   It only takes a moment.
3. **Answer the questions**
   It takes a few minutes. You can save and come back.
4. **See your profile and next steps**
   Including any screening you may be due.

Your privacy
Your answers are confidential. [Company] never sees your individual results, only anonymised themes across the whole organisation.

Did you know?
Around 4 in 10 cancer cases in the UK could be prevented. Source: Cancer Research UK.

Perci Health does not provide urgent care. If you have symptoms you're worried about, contact your GP or call NHS 111.
