CORE FEATURE

Visual Decision logic with no coding

Map approvals, rejections, and conditions through a simple interface. Enrich decisions with pricing tables and sequencing.

CORE FEATURE

Host & deploy your proprietary models

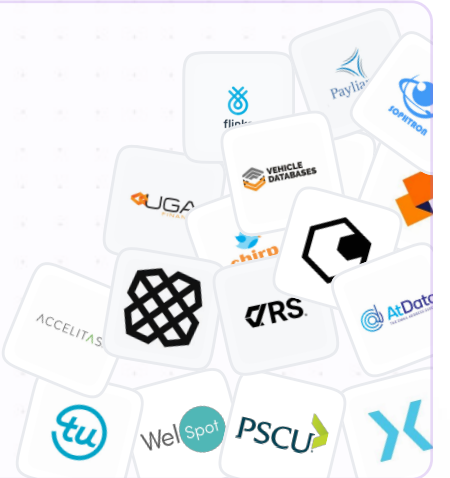

Upload scorecards, ML models, or rulesets directly into LendAPI. Connect them seamlessly to applications and decision flows.

```
1  # age score2
2  {
3    "consumer_key": 123456789,
4    score1 : 67846
5    score2 : 23
6    score3 : 67846
7    score4 : 67846
8  }
9  [
10   {
11     "consumer_key": 123456789,
```
