About Geru Kora Vessel

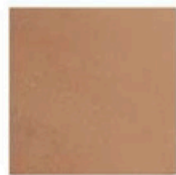

The Kora Vessel embodies the grounded soul of the earth. Shaped in solid concrete and finished with a rough, tactile surface, it retains the spirit of hand-worked tradition. Its rounded form recalls ancient rituals and sun-baked landscapes, celebrating elemental purity. The vessel's textured finish invites touch, revealing the raw honesty of its material. Ideal for rustic, minimal, or contemporary settings, Kora stands as a soulful reminder of our connection to earth and craft. More than a basin, it is an ode to timeless human gestures, transforming utility into an artefact of memory and spirit
