

HeySea

EUROPEAN DEBUT

The Next Chapter Starts here

EIGHT MODELS | SAILING AND POWER | 50 TO 80 FEET.

A NEW NAME IN EUROPE

HeySea arrives in Europe with a new generation of luxury catamarans, designed for a different way of life at sea.

Across eight sailing and power models from 50 to 80 feet, generous living spaces, contemporary design and impressive performance come together with the comfort and capability to go further.

From effortless Mediterranean cruising to adventures beyond the horizon, every HeySea is shaped around life on the water.

Created for those who expect more at sea.

WHY HEYSEA

A PROVEN SHIPYARD. A NEW NAME IN EUROPE.

Superyacht experience. Now brought to a new generation of sailing and power catamarans.

200+ Yachts Delivered

More than 200 yachts delivered to owners around the world, backed by over two decades of yacht-building experience.

30+ International Awards

More than 30 international awards recognising HeySea yachts for their design, engineering and innovation.

Yachts up to 43 metres

Experience extending well beyond the catamaran range, with large custom yachts built and delivered up to 43 metres.

#12 Worldwide

Ranked 12th globally in the Boat International Global Order Book in 2020, placing HeySea among the world's leading superyacht builders.

20+ Years of Experience

Founded in 2004, HeySea has grown from an ambitious shipyard into an established international yacht builder.
