Profile

Passionate Product Designer with experience in creating user-friendly web and mobile interfaces. Skilled in Figma, Photoshop, and Illustrator, with a strong grasp of no-code tools like Framer for seamless web design and hosting. Enjoys collaborating on design projects, bringing strong project management and interpersonal skills to the table. Knowledgeable in HTML, CSS, and JavaScript to effectively understand and manage the development part of the design. Dedicated to continuously improving and enhancing user experiences through thoughtful and innovative design solutions.

Professional Experience

Junior Associate UI/UX Designer, *Omnicom Media Group (Annalect India)*

2023 Jun – 2024 Jul

Managed project timelines, tasks, and deliverables for web and mobile interface design projects. Designed intuitive user interfaces using Figma, Photoshop, and Illustrator, emphasizing usability and aesthetic appeal. Efficiently managed digital assets to streamline design processes. Conducted user research and integrated feedback to continuously improve designs.

Bengaluru, India

Achievements

- Led successful delivery of multiple web projects, demonstrating strong design and project management skills.
- Implemented AI-driven enhancements that improved user interaction and engagement metrics.
- Recognized for innovative solutions that enhanced overall user experience and client satisfaction.

Projects

Guardant Shield Website, *BBDO New York*

- Designed comprehensive design systems, ensuring consistency and scalability across all digital platforms.
- Developed intuitive user interfaces and seamless user experiences.
- Created high-fidelity prototypes and conducted interaction design to validate design concepts.
- Managed a team of designers, fostering collaboration and achieving project milestones.
- Led the project, overseeing design execution from concept to delivery, ensuring alignment with client objectives and user needs.

Modern Documentation Website, *BBDO New York*

- Conducted comprehensive user research to understand user needs and behaviors.
- Designed user flows and interfaces that enhance usability and accessibility.
- Crafted engaging user experiences through brainstorming sessions and iterative design processes.
- Developed interactive prototypes and wireframes to validate design concepts.

Wayne Sanderson Website, BBDO Atlanta

- Developed high-fidelity prototypes using Figma to illustrate user interactions and design concepts.
- Created interactive elements to enhance user experience and ensure seamless navigation.
- Designed and organized page layouts to optimize usability and accessibility.
- Conducted user research to gather insights and inform design decisions, ensuring alignment with user needs and business goals.

No-Code Exploration Website

- Utilized AI-driven insights to inform user research and enhance design decisions.
- Applied creative thinking to innovate user flows and interface designs, optimizing user experience.
- Explored advanced prototyping techniques in Framer to create interactive and dynamic user interfaces.
- Crafted engaging user experiences through iterative design processes and user-centric methodologies.
- Collaborated closely with stakeholders to align design solutions with project goals and user expectations.

Skills

Design Tools

- Figma
- Adobe Photoshop
- Adobe Illustrator
- Framer
- Visual Studio
- Lens Studio

Project Management & Team Building

- Team leadership
- Project planning
- Task coordination
- Strategic Problem-solving
- Creative Direction
- Effective Communication

Office Software Proficiency

- MS Word
- MS Excel
- MS PowerPoint
- Outlook

UI/UX Design

- User-Friendly Interface Design
- User Research and Testing
- Wireframing and Prototyping
- Attention to detail

Education

Information Science Engineering, Visvesvaraya Technological University 2019 – 2023
