SDS2027

DATA. IMPACT. VALUE.

31 May 2027 – Conference Day

1 June 2027 – Workshop Day

The Circle Convention Center, Zurich

CALL FOR WORKSHOPS

Call for Workshops

14th IEEE Swiss Conference on Data Science and AI

01 Call for Workshops

Be part of SDS2027, the 14th IEEE Swiss Conference on Data Science and AI, Switzerland's premier event for applied data science and AI. We invite you to contribute by proposing a workshop or hands-on tutorial.

A workshop demonstrates expertise in a form that strengthens the practical core of SDS2027. It shows how concrete methods and skills can raise the operational level of the entire community.

02 Format

1 JUNE 2027

Workshop day

All workshops will be held on 1 June 2027, as half-day sessions of 3 hours.

NO COST

We host you

We organize the meeting rooms, including standard equipment such as projectors and flipcharts. No costs are charged to you as a workshop organizer.

03 What we are looking for

- Hands-on tutorials and workshops that teach concrete methods, tools and skills.
- Formats where participants actively work, discuss and leave with something they can apply.
- Topics across the full pipeline of data science and AI, from data management to deployment, governance and value creation.

IMPORTANT DATES

31 December 2026
Workshop proposal deadline

19 February 2027
Notification of acceptance

31 May 2027
Conference day

1 June 2027
Workshop day, half-day sessions

Format
Half-day, 3 hours

Rooms & equipment
Provided by SDS2027, free of charge
