Mission Statement

Established in 1957, Fidelity Paper was founded by Pierre Guariglia, envisioning a company with a clear focus: to build business partnerships with customers by providing commitment, quality, service, and value. These key ingredients have allowed Fidelity Paper to grow and thrive.

As Fidelity Paper expanded from a local to a national distribution company, it now services many Fortune 500 companies across the country.

Our National Distribution System is built on a true just-in-time program, centered on the customer, and minimizing supplies by delivering materials on a daily and weekly. We have been a proactive supplier in vendor-managed inventory, partnering with our customers to streamline the supplier base and capitalize on volume discounts.
