KREA TOUCH

Elevate your coffee service with the Krea Touch. This machine combines modern aesthetics with high functionality to deliver an unparalleled coffee experience. Designed with sophisticated environments in mind, the Krea Touch is the epitome of coffee innovation, perfect for anyone looking to impress with both style and substance.

MACHINE FEATURES

ELEGANT DESIGN

The Krea Touch showcases a stunning combination of decorative lights, chrome frames, and shiny black surfaces that instantly draw attention, making it a focal point in any setting.

ADVANCED INTERFACE

A 7-inch HD touchscreen provides a user-friendly interface, offering a wide range of selections, flexible recipe management, and the ability to host customer branding and promotional videos. This feature enriches the user experience by making operations seamless and engaging.

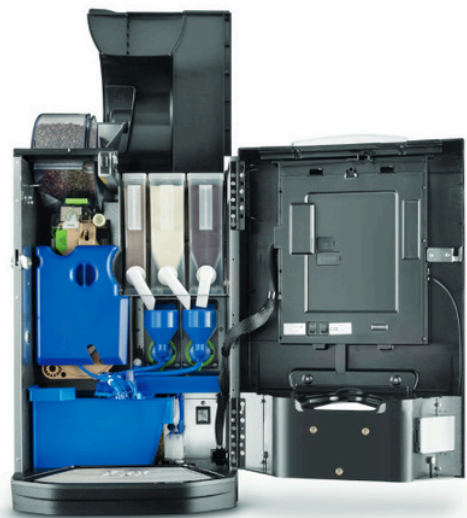

CONNECTIVITY AND CONTROL

Equipped with LAN, WiFi, Bluetooth, and an optional 3G connection, the Krea Touch can effortlessly connect to cloud platforms, allowing for advanced management and monitoring capabilities.

OPTIMISED BREWING

The machine includes a variation of the Necta Z4000 coffee brewer, specifically adapted for the high volume environment, capable of vending up to 12oz drinks with precision and consistency.

WHY CHOOSE THIS MACHINE?

USER ENGAGEMENT

The interactive touchscreen enhances the coffee selection process, making it an engaging experience for every user.

CUSTOMISATION

Flexibility in drink customization allows the machine to cater to a variety of tastes and preferences, ensuring satisfaction across all users.

ADVANCED TECHNOLOGY

With the latest electronic platform and connectivity options, the Krea Touch stays ahead in technology, offering more than just coffee but a complete coffee service solution.

MACHINE DIMENSIONS (DXWXH)

574mm x 410mm x 750mm
