

Your April Journal

Hi there,

Happy April! Do I have any basketball lovers out there? In the Hubik household, we are a basketball family. We watch basketball daily, the boys play basketball and in our free time, we follow our favorite teams and players. March Madness and Texas Tech basketball is our favorite, but we also enjoy following certain NBA players and teams.

Over spring break, we took our boys to a couple of NBA games and had a great time. Will and I saw the Lakers play the Nuggets in Denver and met up with Jacob and Hays to catch a Mavericks vs. 76ers game in Dallas.

Probably my favorite NBA player though, is Steph Curry. Do you follow him? He is amazing and seems to be a genuinely kind human and wonderful family man. I recently stumbled across this story of Steph showing some love to a fan of his, 86-year-old Grandma Kitty from New York. I thought you might enjoy watching this story on ESPN, it touched my heart!

Julie Hubik, Au.D., CCC-A
Doctor of Audiology/Owner

Dr. Julie Hubik

Staff Spotlight Sabrina Pena

Patient Care Coordinator

Sabrina, a native of Lubbock, Texas, has accumulated over 17 years of experience supporting patients with hearing loss. Her professional endeavors are driven by a passion for helping individuals overcome their hearing difficulties, and reestablishing connections with their loved ones. When not working, Sabrina prioritizes spending time with her daughter, who participates in competitive dance. Her hobbies include traveling and watching Texas Rangers games.

She is first on phones at our office on Mondays, Wednesdays and Fridays and fills in at the front sometimes as well. We are grateful for Sabrina's kindness and steady personality.

Patient Spotlight Meet Dorathy Harvey

Dorathy visited the service center recently and met Kaylee who told her about a tool that some of our patients really enjoy called the multi-mic. The multi-mic helps to "cut through the background noise" and keeps conversations clear despite the noisy environments around the patients.

Dorathy said that the multi-mic "changed her life." They have tried it in different settings such as restaurants, church and at home. Dorathy has 9 sisters and she was looking forward to utilizing the multi-mic on their next visit to help them enjoy their family time even more. We love Dorathy and are grateful we can help make a difference in our patient's quality time with those they love the most!

Hearing is worth SHARING

Meet Elijah... Elijah is a Texas Tech student from Ghana, Africa with hearing loss.

Because of our patient's generous donations with our Hearing is Worth Sharing program, Elijah was able to receive hearing help!

He is the sweetest guy and we are grateful to be a part of his hearing journey while he is at Texas Tech.

Tasty Spring One Pan Meal

Feeding a group is easy with this one pan shrimp boil. It is a huge hit at the Hubik house and easy to clean up! Give it a go! Can't go wrong with Joanna Gaines!
