BEYOND WORK

Founder & treasurer of recreational futsal club **De Zlatanks** (2020–present): registered club, all legal and financial administration.

Padel, running, swimming.

Henri Bolliou

BrightMinds 2.0 Fellow at RAW Ventures

MSc Business Engineering: Data Analytics (Cum Laude), Ghent University & ETH Zürich

> Business engineer with a data analytics background, now training full time for a commercial role in a high-growth startup. Comfortable moving between quantitative analysis and customer-facing work.

EXPERIENCE

BrightMinds 2.0 Fellow, Venture Capital & Startup Programme — Sep 2026 – Mar 2027
RAW Ventures · remote-first, EMEA

- Selected fellow at RAW Ventures; currently on a four-month commercial placement following two months of startup, growth and VC/fundraising training with the cohort.

Research Intern, Chair of Entrepreneurship — 2026 · 3 months
ETH Zürich · Switzerland

- On-site research for the master's thesis on how drone ventures develop technology and frame themselves publicly under hype conditions (graded 16/20).
- Developed a visibility-viability framework classifying venture positioning strategies under hype conditions.

Certified Beach Lifeguard (WOBRA) — 2021 – 2022
IKWV Ostend · Center Parcs De Haan

Responsible for public safety and emergency response; trained to stay calm, decide fast and coordinate with a team under real pressure.

Student & Part-Time Roles — 2019 – 2024
Shamrock Tielt · Odyzee Ostend · Delhaize Tielt · Gonnissen Educational Books

Bartender, waiter, retail assistant and logistics support across several part-time roles alongside studies — high-volume customer contact and full ownership of peak-season deliveries.

CLIENT PROJECTS

Location Strategy Project, for Lighthouse (Python)
Predictive & Prescriptive Analytics, Ghent University · 2025 – 2026

- Used real hospitality data to recommend where a hotel chain should open its next location.

Price Prediction Model, for Crunch Analytics (R)
Machine Learning, Ghent University · 2025 – 2026

- Built and combined predictive models in R to estimate fair resale prices for online marketplace listings.

EDUCATION

MSc Business Engineering: Data Analytics *(Cum Laude)* — Sep 2024 – Jun 2026
Ghent University · thesis research at ETH Zürich

Thesis (16/20): *Leading the way: technology development and framing choices under hype conditions in the Swiss commercial drone ecosystem.* Electives: deep learning, NoSQL.

Erasmus exchange, Faculty of Engineering (FEUP) — Sep 2024 – Feb 2025
Universidade do Porto · Portugal

BSc Business Engineering — 2021 – 2024
Ghent University

Secondary education, Science & Mathematics (8h) — 2015 – 2021
De Bron, Tielt
