

Industrial Table KB

Traditional K-shaped frame for feed-off-the-arm machines

The **KB** belongs to the traditional Estamac K family, built on a K-shaped frame for strength, stability and durability in industrial operations. Designed especially for feed-off-the-arm machines, it has a smaller dedicated top sized for the application.

Comes standard with a **pedal and foot-lift pedal with special shaft**, for better operation, functionality and performance at the workstation.
