Sofia Casenave

UX/UI DESIGNER

As a UX/UI Designer with a strong visual design inclination, coding skills, and valuable experience in Agile environments, I bring a unique combination of technical and creative expertise to every project. My professional journey in tech began as a Software Developer, complemented by an academic background in Architecture, which has shaped my holistic approach to design. I am passionate about the power of storytelling and seek to create meaningful connections between people and technology. I aim to find a position where I can use my skills, grow continuously, and create impactful user experiences.

EDUCATION

UX/UI Design Bootcamp
Ironhack Lisbon
Remote | Jan 2024 - Jul 2024

- 24-week intensive UX/UI Design Bootcamp (400+ hours)
- User Research, Design Thinking, User Interface Design, Responsive Web Design, Information Architecture, Wireframes, Prototyping, Figma
- Accomplished 5 hands-on UX/UI Design Projects, e.g. end-to-end design of a Wellness App, a design challenge for an app redesign, or an e-commerce website redesign.
